Choosing Milton Keynes

Milton Keynes has a varied cross section of businesses, which means the opportunity for all to collaborate and support each other is rich, instead of a city known for one particular type of industry with limited prospects. Milton Keynes' geographical location and infrastructure is also well positioned and designed to attract business from much further afield, stretching the

market and business opportunities even further.

"People are very open and prepared to help new businesses in Milton Keynes. The city is vibrant and generally receptive for new ideas." Paul Evans, Director.
